Implementing the

New AASL Standards & Guidelines

with AASL trained implementation coordinators

Join AASL trained coordinators Mary Ellen Minichiello, Katrina Palazzolo and Irene Kwidzinski as they discuss developing customized state-level implementation strategies for your school and district. This is a three-hour, brain-storming session on how we can begin to address the objectives of the new standards and guidelines aligning them with state and local frameworks.

Some people may not be ready yet. Some people might have already begun to integrate the new standards and guidelines into their local curricula. Let's talk. Let's share.

We will take time to examine the library program guidelines, the standards for the 21st-century learner and then break out into grade levels led by table facilitators. We will share a more detailed agenda in September via the CASL website, CASLgram and CASL listserv. Handouts will become available on the CASL website as the conference draws near.

Our learning environment: The Marriott is wireless so bring your laptop if you wish. Salon D and E are sections of the grand ballroom on the second floor. We will refer to the *AASL Standards for the 21st-Century Learners*, *Standards for the 21st-Century Learners In Action* and *Empowering Learners* publications during the workshop. You will be able to pre-purchase copies of the AASL publications with your pre-conference workshop registration. They will also be available for sale on Monday. Appetizers and beverages will be available.

Parking: The hotel is connected to the Hartford Convention Center and its parking facilities.

Accommodations: We have blocked hotel rooms for CASL for a limited time. Please call the hotel to make your reservations and tell them that you are attending the CECA/CASL conference.

Post-workshop: There are restaurants in the hotel and free [shuttle](#) service to Hartford restaurants and other sites of interest.
